**Subject:** Order of Witnesses

Leslie:

Pursuant to the Court's order, this is our notice of the witnesses that we intend to call on Tuesday, February 19, the order in which we intend to call them, and the approximate time that we anticipate spending on direct with the witness: Miles Tolbert (1.5 hrs.), Chris Teaf (1.5); and Berry Winn (.5). In the unlikely event that we are running ahead of schedule, we will begin with the presentation of Bert Fisher. Given that we do not know the amount of time that will be spent on opening statements or cross examination, it is not possible to be more exact as to the time at which the witnesses will be called. Given Dr. Winn's availability, it is possible that we might need to call him out of order, but that is not our plan.

Should you have any questions, please let me know.

Louis Bullock

**Subject:** Schedule

Leslie:

I want to update the schedule. I had anticipated that we would end at 3:00 on Thursday. That was based on a mistaken belief of a 9:00 start time for the hearing today and the inclusion of our opening statement in our allotted three days. Given that according to the Judge the clock did not begin to run until 11:15, our schedule must change. Our current schedule is to complete the presentation of our case at the end of the day on Thursday. While that is slightly short of our full allotment, it makes a logical break for the case and will allow 2 hours and fifteen minutes for the direct and cross of Dr. Lawrence.

Louis.

**Subject:** Demonstratives

Leslie:

I want to also inform you that we will also use Ex. 450 which is a demonstrative throughout the hearing.

Thanks, Louis
